# MISSION STATEMENT

The North Carolina Wound Ostomy and Continence Nurses Group is a professional nursing organization that promotes the delivery of expert health care for individuals with wound, ostomy, or continence concerns and seeks to provide continuing professional development of its members and other nurses interested in these specialty areas.

## PURPOSE

- Foster high standards of practice related to the care, teaching and rehabilitation of individuals with wounds, ostomies or incontinence
- Assume an active role as patient advocates in regard to health policy and governmental programs
- Offer peer support and mentoring to fellow members to promote ongoing professional development
- Support the mission, goals and endeavors of the Wound Ostomy and Continence Nurses Society (WOCN) and the Southeast Region (SER WOCN).

## Membership Quotes

*...an opportunity to get to know each other in an informal, casual setting*

*...a forum for sharing ideas and receiving suggestions regarding difficult cases (in meetings and on-line)*

*...networking for things as important as new job opportunities*

*...the relationships developed provide great support for hosting and organizing the region meeting when it is our turn*

*The NC WOC Nursing Group brings together in one setting the greatest collection of clinicians, educators and friends who share the same goal to improve the care provided to patients with wounds, ostomies and continence problems. The support, education and camaraderie bring motivation and validation to each WOC nurse across the state.*
